Cenik SILEX Technology

SILEX tiskalniški strežniki, USB device strežniki, RS232 device strežniki, Network Display Adapterji, ...

Za cenik s cenami nam pošljite povpraševanje. Dokončne cene po ponudbi.

Koda	SILEX USB device strežniki / tiskalniški strežniki Za: tiskalnike, skenerje, multi-funkcijske naprave, USB storage, USB kamere, ...	cena/kos (EUR)
DS-700 	SILEX DS-700, 2-portni USB device/printer strežnik Ethernet: 10Base-T / 100Base-TX / 1000Base-T (1000Mbit) 1x USB 3.0 port (SuperSpeed), 1x USB 2.0 port (HighSpeed), printer server (TCP printing, RAW 9100): 1x USB device server (SX Virtual Link): za več tiskalnikov ter ostala uporaba, OS: Windows, Mac OS X Protocol: TCP/IP kompatibilen z veliko USB napravami, kot so: USB Dongles, Printers, Scanners, Storage Devices, CD/DVD/Zip Devices, Digital Cameras, Card Readers, Multi-Function/All-in- One Printers (MFP/AIO). Isochronous Transfer Mode.USB connection password protection, Integracija USB naprav v virtualno okolje. Garancija: 2 leti OPOMBA: zamenjava za Silex DS-510*	cena po ponudbi
DS-600 	SILEX DS-600, 2-portni USB device/printer strežnik Ethernet: 10/100/1000 Mbit/s (Gigabit Ethernet) 1x USB 3.0 ; 1x USB 2.0 Hi-Speed (480Mbit/s) printer server (TCP printing, RAW 9100): 1x USB device server (SX Virtual Link): za več tiskalnikov ter ostala uporaba, OS: Windows, Mac OS X Protocol: TCP/IP Konfiguracija: Setup Utility (Device server Setup), Web Browser, telnet Za priklop USB naprav: USB HDD, RDX, dongles, tiskalniki, skenerji, storage device, CD/DVD/Zip device, digitalne kamere, card readers, MF/AIO tiskalniki, TOUCH displays, MFP/AIO, Podprta tudi integracija USB naprav v virtualno okolje. NAS feature supports FAT format. 802.x Enterprise Security. AES-256bit encryption, USB port, Password protection Garancija: 2 leti OPOMBA: zamenjava za Silex DS-510*	cena in dobavni rok po ponudbi

znižano z dnem 01.06.2024, ZALOGA

Koda	SILEX USB device strežniki / tiskalniški strežniki Za: tiskalnike, skenerje, multi-funkcijske naprave, USB storage, USB kamere, ...	cena/kos (EUR)
DS-700AC 	SILEX DS-700AC, 2-portni USB device/printer strežnik, Wifi Wireless: IEEE 802.11a/b/g/n +ac (up to 700 Mbits) Ethernet-Wired: 10Base-T / 100Base-TX / 1000Base-T (1000Mbit) 1x USB3.0 SuperSpeed, 1x USB 2.0 Hi-Speed, WEP, WPA (TKIP + AES), WPA2 (AES), WPA3, Enterprise Security 802.1x, EAP-TLS/EAP-TTLS/PEAP printer server (TCP printing, RAW 9100): 1x USB device server (SX Virtual Link): za več tiskalnikov ter ostala uporaba, OS: Windows, Mac OS X Protocol: TCP/IP Podpira 2.4 in 5 GHz omrežja. Priklopimo lahko 2 ali več USB naprav, kot so: Dongles, Printers, Scanners, Multi-Function Devices, Card Readers na žično ali brezžično omrežje z High Speed in Enterprise Security 802.1x. Isochronous Transfer Mode, USB connection password protection. WPA3- Personal/Enterprise, Integracija USB naprav v virtualno okolje. Garancija: 2 leti,	cena in dobavni rok po ponudbi
DS-520AN 	SILEX DS-520AN, 1-portni USB device/printer strežnik, Wifi Ethernet: 10/100/1000 Mbit/s (Gigabit Ethernet) Wireless: 802.11 a/b/g/n 2Tx2R 1x USB 2.0 Hi-Speed (480Mbit/s) printer server (TCP printing, RAW 9100): 1x USB device server (SX Virtual Link): do 15x USB (HUB) OS: Windows, Windows Server, Mac OS X Protocol: TCP/IP Konfiguracija: Setup Utility (Device server Setup), Web Browser Za priklop USB naprav: USB HDD, RDX, dongles, tiskalniki, skenerji, storage device, CD/DVD/Zip device, digitalne kamere, card readers, MF/AIO tiskalniki, TOUCH displays, MFP/AIO, Podprta tudi integracija USB naprav v virtualno okolje. Encrytion: Open, WEP, WPA2-PSK, WPA/WPA2-PSK, WPA2-EAP, WPA/WPA2-EAP, 802.1x, ... Garancija: 2 leti OPOMBA: to je zamenjava za SX-DS-3000WAN	cena in dobavni rok po ponudbi

Razlika med modeli:

1) Silex DS-510 (2x USB 2.0)

4x TCP/IP print support (RAW 9100 do 9103)

The DS-510 is the only print server from Silex that still supports a total of 4x TCP/IP printers (RAW 9100 do 9103).

2) Silex DS-700 (1x USB 3.0 (USB hub incompatible), 1x USB 2.0)

1x TCP/IP Print support (RAW 9100),

IPv6 support, higher data throughput rates, NAT / port forwarding support,

To connect 2 printers via the Silex DS-700 it is mandatory that the SX Virtual Link software solution is used, as the DS-700 unfortunately only supports 1 printer via TCP/IP (9100).

3) Silex DS-600 (1x USB 3.0, 1x USB 2.0)

1x TCP/IP Print support (RAW 9100)

802.1X security features, higher data throughput rates, NAS (FAT32) function,

To connect 2 printers via the Silex DS-600 it is mandatory that the SX Virtual Link software solution is used, as the DS-600 unfortunately only supports 1 printer via TCP/IP (9100).

Silex DS-700, Silex DS-700AC, Silex DS-600, Silex DS-520AN:

* When standard Windows printing is used, it is impossible to get printer status using the status monitor software that came with the printer or MFP.

* Also, if the printer supports a-directional printing only, standard Windows printing cannot be used.

* **When using standard Windows printing, only 1 printer can be used at a time. To connect 2 or more printers, SX Virtual Link must be used.**

* It is impossible to print to printers or MFPs connected to other PCs via SX Virtual Link.

* Also, when printers or MFPs are busy with standard Windows printing, they cannot be connected via SX Virtual Link

Koda	SILEX tiskalniški strežniki 1x Paralel port	cena/kos (EUR)
SX-PS-3200P 	SILEX SX-PS-3200P, 1-portni tiskalniški strežnik 1x Paralelni port (Centronics/IEEE 1284) Ethernet priklp: 10/100 Mbit/s OS podpora: Window 10, Windows 8, Windows 7, Windows Vista, Windows XP Windows Server 2003, Windows Server 2008, Windows Server 2012, ... UNIX/Linux; Protocol: TCP/IP, Management: Set-Up utility, Web Browser, TELNET, SNMP Za tiskalnik ali ploter s paralelnim portom. Garancija: 2 leti Opomba: zamenjava tudi za SX-100	cena in dobavni rok po ponudbi

Koda	SILEX tiskalniški strežniki /serijski strežniki 1x Serijski port (RS232)	cena/kos (EUR)
SD-330AC 	Silex SD-330AC Wireless LAN Serial device server Silex SD-330AC Wireless/Wired Serial Device Server Ethernet: 10Base-T / 100Base-TX Wireless: IEEE802.11a/b/g/n/ac Serijski port: RS-232 (COM) Protokol: TCP/IP, Podpora za OS (SX Virtual link Serial port Emulator): Windows 10 / 8.1 / 8 / 7 / Vista / XP, ..., Windows server 2012 / 2008 / 2003, ..., UNIX, Linux, ... RAW TCP mode in eCable mode: za vse OS Konfiguracija in nadzor: Windows utility, web browser, telnet, AMC Manager, Security: WPA-PSK, WPA2-PSK (AES), IEEE 802.1X (LEAP, PEAP, TTLS, TLS, EAP-FAST), Na voljo: SX Virtual link Serial port Emulator * Za priklp naprav s serijskim portom na mrežo: naprave v medicini, industriji, zgradbah, automatizaciji, transportu/Logistiki, Access Control, POS (Points of Sale), LED signs, Tiskalnikih z RS232, tehnicah, in drugih M2M in SCADA aplikacijah, ... * Uporabimo ga kot tiskalniški strežnik (printer server) za tiskalnike in risalnike s serijskim portom. Priložen zunanji napajalnik 5V / 0,5A. Garancija: 2 leti Zamenjava tudi za Silex SD-300	cena po ponudbi

Koda	SILEX Audio-Video Connectivity, Display Connectivity	cena/kos (EUR)
<p>SX-ND-4350WAN</p> 	<p>SILEX SX-ND-4350WAN Network Display Adapter (HDMI) Wireless Interactive Display Adapter in Access Point Ethernet: 10Base-T/ 100 Base-TX/ 1000Base-TX Wireless : 802.11 a/b/g/n (MIMO, A-MPDJ in A-MSDU, HT20/HT40 mode) AP mode: do 56 Wireless klientov, MultiSSID: 2 Vmesniki: 1x RJ45, 1x HDMI, 2x USB 2.0 Hi-Speed, Display: Full HD 1920x1080; mirror mode (reproduction) OS: Windows 7, Windows 8, Windows 8.1, Windows 10,... Utility za konfiguracijo: NetDA manager Dimenzije: 120x155x32 mm (brez anten) Na HDMI port lahko priključimo monitor, TV ali projektor, ... Uporaba monitorja/TV-ja/projektorja, tipkovnice in miške preko LAN-a ali WLAN-a Na en računalnik se lahko priklopi do 6x SX-ND-4350WAN, kar pomeni do 6x zaslon/TV/projektorjev z HDMI priklpom (centralni management iz enega PC-ja) Na njih pa projiciramo sliko tudi direktno iz tablic (Wifi), ... Garancija: 2 leti</p>	<p>cena po ponudbi</p>
<p>SX-ND-4350WAN Plus</p> 	<p>SILEX SX-ND-4350WAN plus Network Display Adapter/Education Wireless: IEEE 802.11a/b/g/n Ethernet: 10Base-T / 100 Base-TX, 1000Base-TX 1x RJ45, 2x USB 2.0 Hi-Speed, 1x HDMI, Podpora resolucije max. (HDMI): 1920x1080 Access Point functionality, DHCP server functionality 802.1x Enterprise Security WPA2, WPA-PSK (TKIP + AES), WEP *** Network display adapter z vgrajenim wireless access pointom Povezuje žično (Wired) ali brezžično (wireless) displaye za prezentacije ali v izobraževalnem okolju (classroom environments), interaktivna podpora. Remote Display, Projektor Server, USB preko IP-ja, LAN, WLAN, Interactive, Garancija: 2 leti</p>	<p>cena in dobavni rok po ponudbi</p>
